MAYOR'S BACKBONE.

It Did Not Bend Perceptibly Last Evening.

I'M MAYOR OF ALL THE PEOPLE

Said Mr. Harrison When the Council Asked Him to Discharge the Bidewalk Inspector Because He Wasn't a Republican.

When the hour for the city council meeting arrived last evening, the mayor was absent and President Fellows called the council to order. Those members who answered to the roll call were Stevens, Stevenson, Ettlinger, Bradford, Fellows, Burgess, Fulton and Griggs. The mayor came in later and took the chair.

The following resolution was read by the city clerk:

"Resolved, That we hereby earnestly protest sgainst the appointment of Richard Hargraves as sidewalk inspector and request the mayor to remove him from this position and appoint by and with the consent of the council a good Repub-lican to fill this inerative and responsible

The resolution was signed by the fol-lowing councilmen: P. W. Griggs, J. T. Fulton, J. D. Pattison, W. C. Stephen-son, S. Ettlinger, S. B. Bradford, F. L. Stevens, C. A. Fellows, James Burgess. The resolution was received silently

until the mayor said: "A political resolution. What will you do with it?"

Councilman Fellows: "I move it be referred to the mayor with power to

The Mayor: "I feel that an explanation of the appointment should be made. When the time for the appointment of a sidewalk inspector arrived I consulted the city engineer about the appointment of a man who could act as sidewalk Inspector and sewer inspector as well and thus do the work of two men. He said that Hargraves could do the work and I appointed him at \$50 a month, when the sidewalk inspector slone has always received \$55. I did not inquire what his politics was, but understood he has been independent."

Councilman Griggs: "I inquired of the city engineer and he told me that Hargraves has done nothing but inspect sidewalks since he was appointed and there has been a great deal of complaint about his work. The engineer says he knows nothing about sewer work. There are enough good Republicans to fill the place, and besides the council should be consulted about the appointment. The mayor did not bring his name

up for confirmation."
The Mayor: "While I am a Republican of the most rabid kind, I won't allow any one to dictate to me whether I shall appoint a Republican or a Democrat. It is the qualifications which concern me, and I have the interest of the city at heart. I am mayor of the whole peo-

Councilman Burgess: "Does the mayor mean to say that no Republican in the city can do the work?"

Councilman Stevens said that the mayor's explanation was satisfactory to him. A motion was made to adopt the reso-

lution. Before the vote was taken the mayor announced that he would not be governed by the action of the council but would remove Hargraves if he was convinced he was incompetent

The resolution was adopted by the following vote: Ayes-Staphenson, Ettlinger, Burgess, Fellows, Fulton, Griggs. No-Stevens, Bradford.
